BUILDERS SPACE!™

CREATE YOUR VERY OWN BUILDER SPACE

- BIG KIT:** This Kit creates a 10 X 5 foot building space your kids will love. Kit comes with 20 panels and over 280 block pieces – so children can build whatever they imagine – animals or an entire zoo buildings, vehicles or an entire city – and so much more. Kids can build off the wall and up from the floor, a truly unique experience. This Kit accommodates several children playing.
- BIGGEST KIT:** Customize + design your own creative building space. Teachers, parents, architects and designers have covered walls, floors and ceilings with our panels – in children's classrooms, playrooms, bedrooms, and even executive conference rooms. Add hundreds of our Small Bright Blocks and that's the fuel for maximum building creativity. Call us for pictures of our **Builders Space** custom playspaces that have been built around the world.

Panel size is approximately 20 x 20 x 1 inch. Blocks created off a 2 inch "footprint" – perfect building size!

new PLAY PARK

12 big block pieces of ACTIVE PLAY fun!

TUNNEL - CRAWL - JUMP - RUN - CLIMB - TEETER - TUMBLE - MORE!

Bright Day Big Blocks worked with educators globally to design a perfect ACTIVE play system. PLAY PARK is an outdoor or indoor play solution. Teachers and children find so many ways to play – an obstacle course, a home base for a game of tag - some pieces burn energy, others enable cool down. Use all block pieces or not to create your own perfect playground – different each day. PLAY PARK engages a child's body + brain like no other - learn + play with Bright Day!

be Active, be Strong, be Alert, be Coordinated, be Confident
Building Brain + Building Body!
